DJ DAVE WHICKER

Bespoke Wedding DJ & Host

Dave Whicker is a seasoned professional DJ based in Manchester with many years of experience under his belt, not only in the wedding industry but also in Clubs, Bars, Radio & Events across the continent.
His professionalism and attention to detail are what make him stand out from the rest. He is constantly aiming to raise the standard when it comes to making someone's big day that extra bit special.

Every person who books a DJ always wants to have peace of mind, knowing that they have made the best choice in booking their evening's entertainment. You want the comfort of knowing that you have booked the best for you and your guests.
Dave prides himself in making your event personal to you and your guests, by helping you with every detail to make sure everything runs exactly how you wish.

Whether you'd just like some music while you dine or you would like to complete your big day with a bang, Dave can supply all your musical requirements for your entire wedding day! A range of services are available to make your day that extra bit special...

From meeting you for the first time right through to playing the final song on your wedding day, Dave will be with you every step of the way. He will help with every last detail to ensure your day is as perfect as you always imagined...

DJ DAVE WHICKER
Bespoke Wedding DJ & Host

Wedding Day Host & DJ

Dave can host your full day, from your ceremony to last orders!

He can provide a subtle and discreet sound system and all the music for your wedding ceremony. Played at the right levels and at the right time, leaving no awkward silences and encapsulating the atmosphere of the most important part of your day...

As you walk back up the aisle, Dave will make sure your music flows seamlessly throughout the venue, accompanying your guests into the drinks reception.

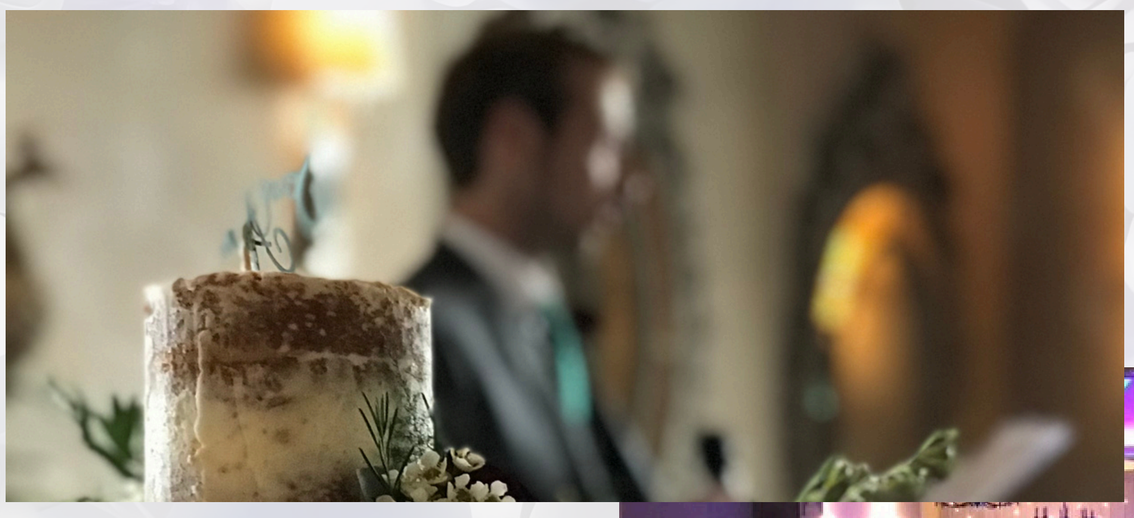

Dave will liaise with the venue, your photographer and other suppliers to coordinate the day, allowing you to enjoy your wedding knowing that the schedule is in safe hands.

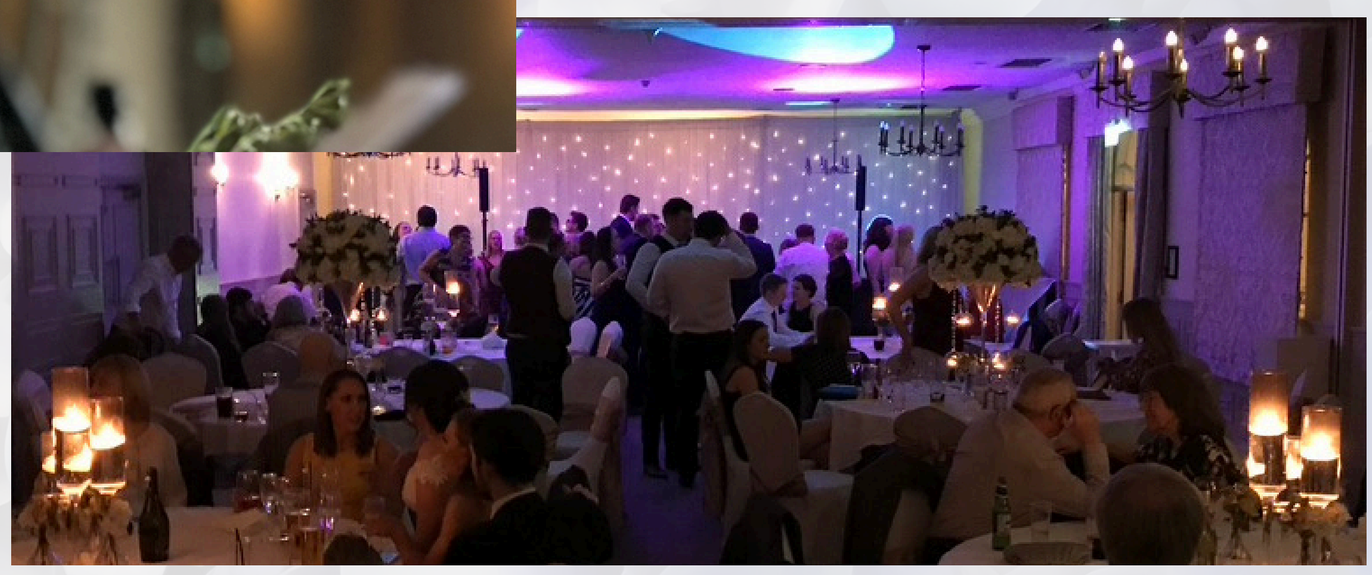

Dave will invite your guests to be seated in the dining room where he will then introduce you both and welcome you to the room as you take your seats for your wedding breakfast. Dave will host your speeches with the use of radio mics, as well as providing carefully selected music for you while you dine.

From there, more music will accompany your guests as we move into the evening drinks reception and welcome your evening guests...

The advantage of having Dave with you for the full day is that he gives you the opportunity to relinquish any worries or stress to him, and allow you to completely relax and enjoy the biggest day of your lives. Dave will effectively work as a coordinator and ensure your wedding day runs as smoothly as possible.

Alternatively, Dave can join you either from your wedding breakfast and onwards, or in the evening to entertain you & your evening guests with carefully selected music to keep your dancefloor alive from start to finish!
